## ABOUT THE CHESS HOUSE

*A Playing Arena*

The Chess House was started by our founder Smt. K. Banu Jaganmohan to promote chess at all levels of the society. Since learning chess is becoming increasingly expensive and therefore inaccessible to children who cannot afford it, The Chess House was started with the intent to provide a free playing arena for all chess players. Chess players have free access to a chess library, computers with internet connectivity and infrastructure to play chess with other players. Free classes and chess books are being offered for talented children who do not have the means to afford these. The club aims to promote chess as a common sport which can be played by children and adults alike, both at home and outside; create awareness, encourage logical thinking, put one's mind to better use and nurture talent.
